Une douce collaboration

avec Claudine Orsini Le Coq

Créatrice et illustratrice spécialisée dans le domaine des loisirs créatifs, je suis reconnue pour mon style à la fois simple, enfantin et fantaisiste.

En 2005, j'ai fait parler de moi en apportant un nouveau regard sur la broderie.

Autodidacte aux multiples talents, mon atelier est un véritable bouillon de créativité. C'est là que je conçois les planches originales qui illustrent mes albums de coloriage ainsi que mes patrons pour les Éditions l'Inédite et des publications spécialisées telles que Mains et Merveilles Hors série et Passion Couture magazine..

Aujourd'hui, je réaffirme ma passion ; après plusieurs années à mettre mes activités créatives au second plan, je me consacre désormais entièrement à la création..

Pour développer mes compétences, je suis actuellement en formation de céramiste, une discipline qui me passionne, surtout pour la décoration. Cela me permet de donner vie à mes personnages sur différents supports.

Cet été, j'ai eu l'occasion de rencontrer Ludivine.. Nous avons eu envie de fusionner nos univers pour vous proposer des gravures de mes illustrations au laser, et de nouveaux projets ont enrichi notre portfolio !
